Welcome to Pool Pro

ABOUT US

Welcome to the 4th edition of the POOL PRO PRODUCTS catalogue!

It's hard to believe that since 1993 The POPS Group Pty Ltd has been supplying privately owned pool shops with an ever increasing range of POOL PRO branded chemicals, accessories and equipment for pools and spas. Our family of stockists has grown Australia wide with links into the Pacific Islands, New Zealand and Asia. With new products and customers, we are working tirelessly to provide the best service, the biggest range at the best prices!

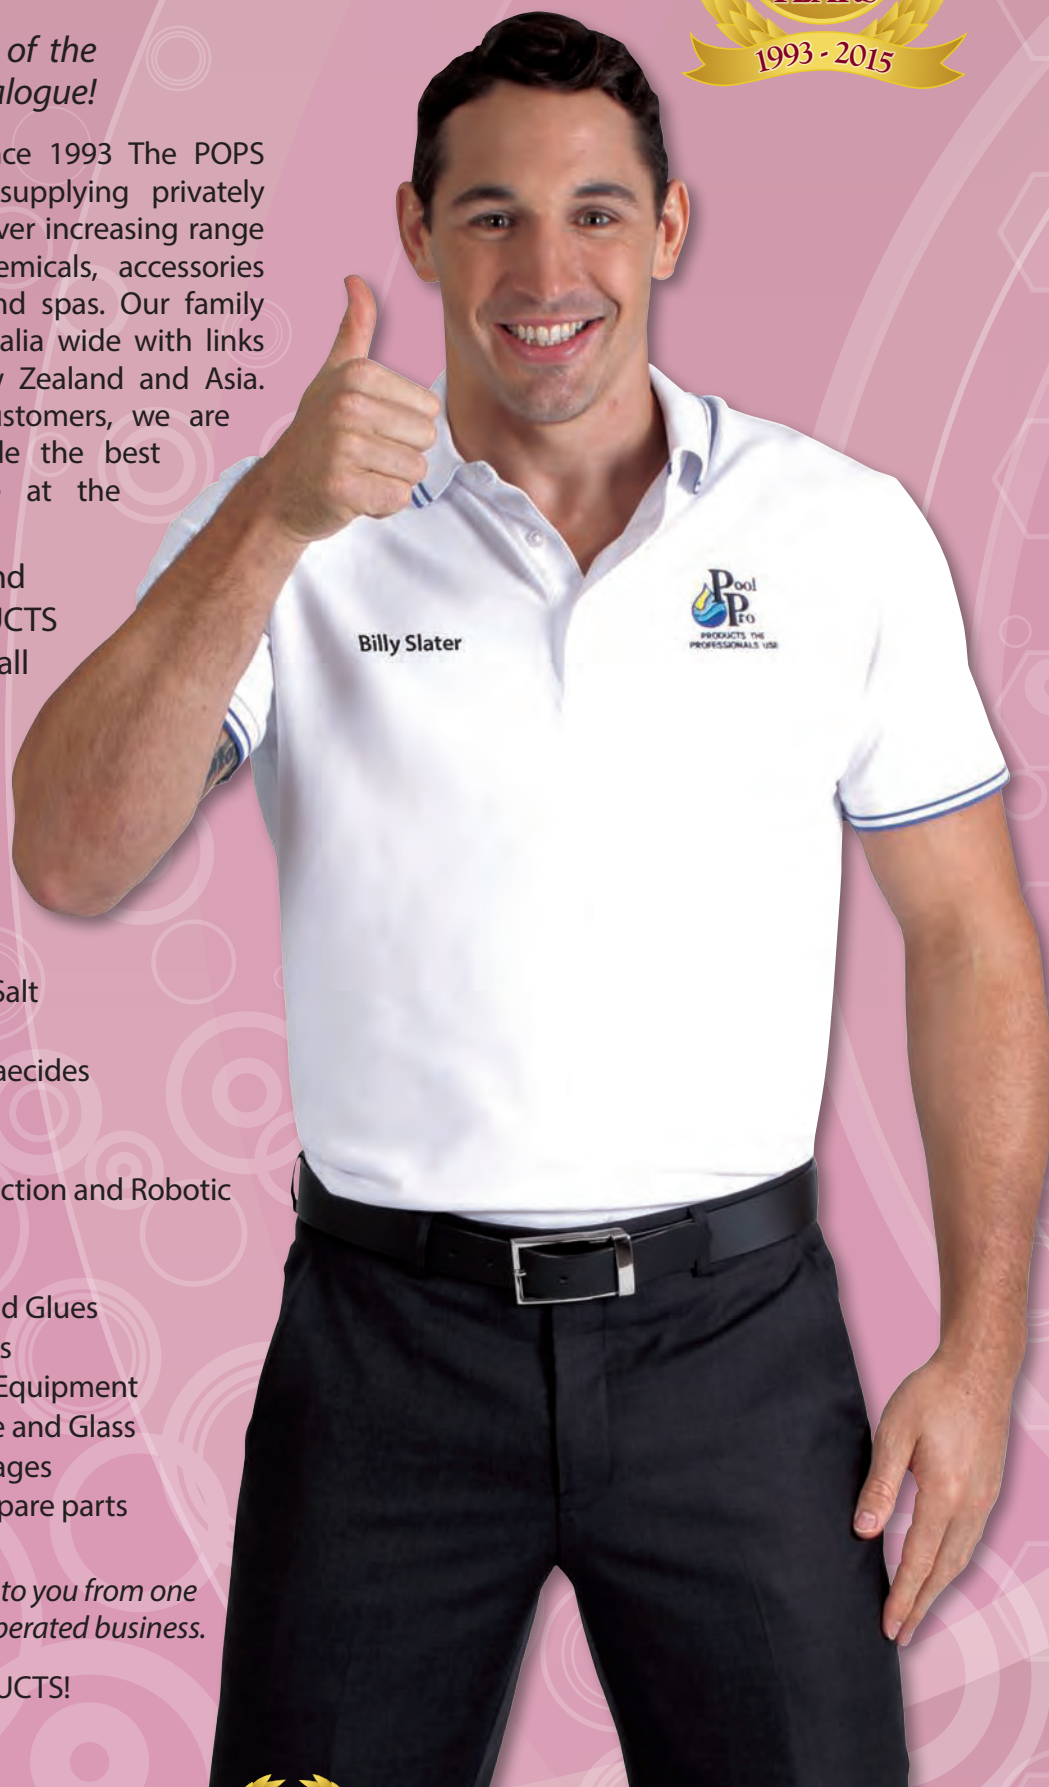

With over 1,900 products and growing, POOL PRO PRODUCTS truly is a one-stop-shop for all independent pool shops.

WHERE ELSE CAN YOU GET ALL THIS?

- Liquid Chlorine
- Hydrochloric Acid
- Quality Fast Dissolving Pool Salt
- Top of the Range Chlorines
- Adjusters, Balancers and Algaecides
- Cleaning Accessories
- Salt Chlorinators
- Automatic Pool Cleaners - Suction and Robotic
- Pool Pumps
- Sand and Cartridge Filters
- PVC Pipe, Fittings, Primers and Glues
- Pool Lights and Solar Systems
- Water testing Programs and Equipment
- Filter Media including Zeolite and Glass
- Pool Toys and Games for all ages
- O-Rings, Gaskets and other spare parts

All of this and more is available to you from one Australian family owned and operated business.

Welcome to POOL PRO PRODUCTS!

Retail & Bulk Pool Chemicals

Almost every chemical product that Pool Pro stocks is available in bulk as well as convenient retail packs. The bulk products offer cost effectiveness for the service side of a business, as the 'per kilo' or 'per litre' rate is much more economical.

LITHIUM HYPOCHLORITE - USA MADE

Also packaged for our Spa Pro Spa Range (see it under Spa Products). A super shock and maintenance product for your pool. Suitable for use in warm-hot pool and spa water

AVAILABLE IN	CODE
1kg - 6 per carton	L01
2kg - 8 per carton	L02
10kg - each / pallet quantity 80	L010
Product: Lithium Hypochlorite	

PRO SHOCK 500g

Granular Chlorine. 20 packs per box. A 500g one dose packed in a convenient and attractive aluminium sachet. For use in freshwater pools. Must be dissolved in water before adding to the pool.

AVAILABLE IN	CODE
500g - 20 per carton	GC5
Product: Calcium Hypochlorite	

GRANULAR CHLORINE 70% min

Top quality low residue. For use in freshwater pools. Must be dissolved in water before adding to the pool.

AVAILABLE IN	CODE
1kg - 12 per carton	GC01
2kg - 8 per carton	GC02
4kg - 4 per carton	GC04
10kg - each / pallet quantity 80	GC10
20kg - each / pallet quantity 32/48	GC20
40kg - each / pallet quantity 12/24	GC40
Product: Calcium Hypochlorite 70% minimum	

GRANULAR CHLORINE 200g TABLETS

Granular Chlorine pressed into a tablet. No stabiliser added. Fast dissolving. Not suitable for inline tablet feeding systems or floating dispensers used in a vinyl lined pool. Can be placed in the skimmer basket.

AVAILABLE IN	CODE
1kg - 6 per carton	CT01
2kg - 6 per carton	CT02
10kg - each / pallet quantity 80	CT10
40kg - each / pallet quantity 12/24	CT40
Product: Calcium Hypochlorite 200g Tablet	

Retail & Bulk Pool Chemicals

CHLORINE OUT

For the removal of chlorine usually following super chlorination. Also used as an emergency neutraliser for liquid chlorine spills. 50 grams will reduce chlorine by 1ppm in a 50,000L pool.

AVAILABLE IN	CODE
250g - 6 per bag	CO025
5kg - each / 4 per carton	CO05
25kg - each / pallet quantity 48	CO25
Product: Sodium Thiosulphate	

CLEAN AND CLEAR 500g

20 x 500g single dose packs per box. A completely soluble shock treatment packed in a convenient and attractive aluminium sachet. Used in salt water pools as a salt booster. Sodium based and does not need to be dissolved first.

AVAILABLE IN	CODE
500g	SC5
Product: Sodium Dichloroisocyanurate	

STABILISED CHLORINE

A completely soluble high quality sanitiser 62% minimum available Chlorine. Used in salt water pools as a salt booster. Sodium based and does not need to be dissolved first.

AVAILABLE IN	CODE
1kg - 12 per carton	SC01
2kg - 8 per carton	SC02
4kg - 4 per carton	SC04
10kg - each / pallet quantity 64/80	SC10
25kg drum / pallet quantity 40	SC25
Product: Sodium Dichloroisocyanurate	

STABILISED TABLETS 200g

Also known as Large Tica Tabs or Once A Week Tablets. Slow dissolving Trichlor. Great in floaters for holiday times. Dimensions: 75mm x 25mm x 200 grams. Suitable for use in inline tablet feeding systems.

100 socks	SCBSOX
Product: Flocculant	

Retail & Bulk Pool Chemicals

POOL DIAMONDZ

Diamondz are a pools best friend! Keep your pool water sparkling with these clarifying tablets. One tablet will treat up to 50,000 litres.

AVAILABLE IN	CODE
Display box and 30 tablets	PD01
Plain refill box 45 tablets	PD02
Product: Alumina Salts	

WATER CLARIFIER

For the removal of suspended particles and the creation of crystal clear pool water.
Bio-degradable. Non toxic.

AVAILABLE IN	CODE
1L - 12 per carton	CL01
20L - each / pallet 32	CL20

Same great product, smart new look!

SUPERSHINE

A 2 in 1 clarifier.
Clears cloudy water, adds extra sparkle and aids with sand filtration.

AVAILABLE IN	CODE
1L - 12 per carton	SU01
20L - each / pallet 32	SU20

ALGAE CONTROL

For the control of algae in swimming pools. Contains no copper.
Used as a maintenance product to keep algae at bay.

AVAILABLE IN	CODE
2.5L - 6 per carton	AC02
5L - 4 per carton	AC05
20L - each / pallet 32	AC20

Product: Benzalkonium Chloride 150g/L

Retail & Bulk Pool Chemicals

BLACK SPOT ALGAECIDE

For the control of black spot algae in swimming pools but also very active against stronger green algae. Contains copper.

AVAILABLE IN	CODE
1L - 12 per carton	BS01
2.5L - 6 per carton	BS02
20L - each / pallet quantity 32	BS20

Product: 32g/L Copper and 200g/L Benzalkonium Chloride

Same great product, smart new look!

BLACK SPOT REMOVER - GRANULAR

For the removal of black spot algae and control of bacteria, viruses and protozoa in swimming pools and spas.

AVAILABLE IN	CODE
1kg - 6 per carton	BSG01
2kg - 8 per carton	BSG02
10kg - each	BSG10

Product: 900g/kg Available Chlorine present as Trichloroisocyanuric Acid

TROPIX ALGAECIDE

Suitable heavy duty algae control especially in tropical areas, this high copper based algaecide quickly kills off algae.

AVAILABLE IN	CODE
1L - 12 per carton	TR01
2.5L - 6 per carton	TR02
20L drum / pallet quantity 32	TR20

Product: 40g/L Copper present as blend of copper salts

WINTERISER & WINTERISER PACKS

Put your pool to sleep for the winter with this copper based algaecide and winteriser. Winteriser Packs are also available or you can create your own in the attractive Winteriser Pack. Standard pack contains 1 x 1L Winteriser, 1 x 1L Supershine & 1 x 1kg Stabilised Chlorine.

HYDROCHLORIC ACID

For lowering pH in pool and spa water. Also used for acid washing.

AVAILABLE IN	CODE
5L - 4 per carton / pallet quantity 48 cartons	HA05
15L drum (Available in VIC only) / pallet quantity 48	HA15 *
20L drum / pallet quantity 32	HA20
200L drum / pallet quantity 4	HA200
1000L bulky bin	HA1000

Product: Hydrochloric Acid
 500ml HCL = 585g Dry Acid
 1L 68ml HCL = 1.25kg Dry Acid
 2.56L HCL = 3kg Dry Acid
 12.82L HCL = 15kg Dry Acid

*15L available in VIC only

DRY ACID

A safer granular alternative to Hydrochloric Acid for lowering pH in pool and spa water. Also packaged in Spa Pro Spa Range.

AVAILABLE IN	CODE
1.25kg - 6 per carton	DA01
3kg - 8 per carton	DA03
15kg pail - each / pallet quantity 64	DA15
25kg bag / pallet quantity 48	DA25

Product: Sodium Bisulphate
 585g of Dry Acid = 500ml of HCL
 1.17kg of Dry Acid = 1L of HCL
 1.25kg of Dry Acid = 1L and 68ml of HCL
 3kg of Dry Acid = 2.56L of HCL

Retail & Bulk Pool Chemicals

DUCK OFF

Assists to deter ducks from swimming in your pool. Changes water tension and acts as a wetting agent on to ducks feathers, changes the natural buoyancy of ducks making them uncomfortable in the water.

AVAILABLE IN

5L - 4 per carton

CODE

DK45

STABILISER

Granular sunscreen for the pool. Stabiliser aids in reducing chlorine depletion from the water in harsh sunlight.

Product: Sodium Bicarbonate

Retail & Bulk Pool Chemicals

pH INCREASER

Fast acting increaser of pH in pools and spas without effecting Alkalinity.

AVAILABLE IN	CODE
2kg - 10 per carton	SA02
25kg - each / pallet quantity 48	SA25
Product: Sodium Carbonate	

HARDNESS RAISER

Used to raise total hardness in pool and spa water.

AVAILABLE IN	CODE
2kg - 10 per carton	HR02
4kg - 5 per carton	HR04
10kg - 2 per carton	HR10
25kg bag - pallet quantity 48	HR25

Product: Calcium Chloride - Granular

SALT CELL PROTECTOR

Softens the water and calcium build up on pool surfaces and salt water chlorinator cells.

AVAILABLE IN	CODE
5kg - 5 per carton	CP5
25kg - each / pallet quantity 48	CP25

Product: Magnesium Sulphate.

H₂O POOL SILK

A single-use pack designed to aid in softening your pool water for a mineral swimming experience. Also helps reduce scale and calcium build up on chlorinator cells.

AVAILABLE IN	CODE
1kg - 10 per carton	CP1

Product: Magnesium Sulphate

CELL CLEANER

A much safer and softer alternative to Hydrochloric based Cell Cleaners. Helps lengthen the life of the cell. Does not attack the metal of the cell.

AVAILABLE IN	CODE
5L - 4 per carton	CC5

Product: Phosphoric Acid

Retail & Bulk Pool Chemicals

CALCIUM STOPPER

Keeps Calcium suspended in water. Can be used in new and old pools and by builders using Quartzon.

AVAILABLE IN	CODE
5L - 4 per carton	CS5
20L drum	CS20

CALCIUM REMOVER

A product to reduce and help remove the calcium levels in both pool and spa water.

AVAILABLE IN	CODE
1L - 6 per carton	CSR1
5L - 4 per carton	CSR5
20L drum / pallet quantity 32	CSR20

METAL MINUS 1L

Assists in the removal of dissolved metals and other matter suspended in both pool and spa water.

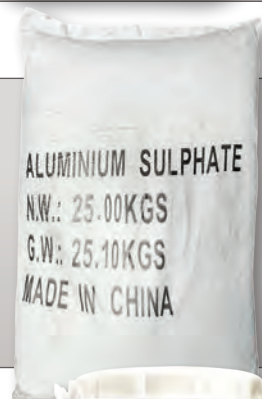

AVAILABLE IN	CODE
1L - each bottle	MM01
1L - 6 per carton	MM016
20L drum / pallet quantity 32	MM20
Product: Phosphonic Acid Complex	

POOL FLOC

A flocculent which causes suspended particles to coagulate and drop to the bottom of the pool for vacuuming to waste. Very small granules.

AVAILABLE IN	CODE
2kg - 10 per carton	F02
25kg - each / pallet quantity 48	F25
Product: Aluminium Sulphate	

ROCK FLOC ALUM

Water clarifier and sand filter aid.

AVAILABLE IN	CODE
2kg - 8 per carton	FR2
10kg - each / pallet quantity 64/80	FR10
25kg - each / pallet quantity 40	FR25

Retail & Bulk Pool Chemicals

POWER FLOC

Clears very cloudy water and adds extra sparkle. No messy residue. All liquid flocs work better if the pH and Alkalinity are raised.

AVAILABLE IN	CODE
1L - 12 per carton	PF1
20L drum / pallet quantity 32	PF20

LIQUID ALUM

Liquid Alum 47%. A liquid flocculant which is an alternative to powdered Floc for pools.

AVAILABLE IN	CODE
20L drum / pallet quantity 32	ALUM20
200L drum / pallet quantity 4	ALUM200
1000L drum	ALUM1000

PHOSPHATE REMOVER

High levels of phosphates create the ideal environment for algae growth. Phosphate Remover can help remove these from the water. Test regularly using the Pool Pro Phosphate Test Kit.

AVAILABLE IN	CODE
Phosphate Test Kit (solutions A and B and test tube)	TRT907
1L - 12 per carton	PR1
2.5L - 6 per carton	PR2
20L drum / pallet quantity 32	PR3

CITRIC ACID

Citric Acid suitable for removing most types of staining. Chlorine levels need to be reduced before using this product.

AVAILABLE IN	CODE
1kg - 6 per carton	SRC1
10kg - each / pallet quantity 64/80	SRC10
25kg bag / pallet quantity 48	SRC25
Product: Citric Acid	

MULTI STAIN REMOVER

Contains organic acids. A highly reactive destaining compound which effectively reduces and removes organic stains, rust marks and general oxidation stains from all pool surfaces. Chlorine levels need to be lowered before using this product.

AVAILABLE IN	CODE
1kg - 6 per carton	SRM1
10kg - each / pallet quantity 64/80	SRM2
Product: Organic Acid Blend	

Retail & Bulk Pool Chemicals

ASCORBIC ACID - PURE

Ascorbic Acid (pure vitamin C) is used for removing most stains. Chlorine levels need to be lowered before using this product.

AVAILABLE IN	CODE
1kg - 6 per carton	SRA1
10kg - each / pallet quantity 64/80	SRA10
25kg bag - each / pallet quantity 48	SRA25
Product: Ascorbic Acid	

FIBREGLASS STAIN REMOVER

Stain remover for stains specifically on the surface of fibreglass pools.

AVAILABLE IN	CODE
4kg - 4 per carton	SRM4
25kg bag / pallet quantity 48	SRM25
Product: Sodium Metabisulphite	

CAUSTIC SODA

A highly corrosive chemical with a range of cleaning applications.

AVAILABLE IN	CODE
25kg bag / pallet quantity 48	CAU25
20L liquid / pallet quantity 32	32% CSL20
200L liquid / pallet quantity 4	32% CSL200
1000L liquid	32% CSL1000
Product: Caustic Soda Pearl / Caustic Soda Liquid	

LIQUID CHLORINE

For those with bulk see our liquid chlorine labels available in packs of 250 under Promotional Products. Delivered in DG approved containers with vented caps.

AVAILABLE IN	CODE
5L - 4 per carton	LC05
10L drum	LC10
15L drum (Available in VIC only)	LC15*
20L drum	LC20
200L drum	LC200
1000L bulky bin	LC1000

Product: Sodium Hypochlorite. If you need to install a bulk Liquid Chlorine facility ask us about delivery of bulk tanks and chlorine.
Product available in 10% Qld normal, 12.5% Vic normal, 15% export normal. Prices on these percentages vary.

*15L available in VIC only

Product: Potassium Monopersulphate	

8

SPA PRO FILTER CLEANER & DEGREASER

Product no. 9

Used for all filter types & can revitalise tired filters.

AVAILABLE IN	CODE
500ml - 6 per carton	SPP9

9

Spa Products & Spa Equipment

SPA PRO WATER CLARIFIER

Product no. 10

Use clarifier when your water just needs a little sparkle. Dull water is the result of small particles too small for the filter to filter out. Spa Pro Clarifier will coagulate these particles making them easier for the filter to filter out and or easier to vacuum out. Comes with a flip top lid.

AVAILABLE IN	CODE
500ml - 6 per carton	SPP10

10

SPA PRO HARDNESS RAISER

Product no. 11

Water is either soft or hard. If water is too soft it can be corrosive. If too hard it can lead to scale build up. This product can increase the hardness of your water.

AVAILABLE IN	CODE
500g - 6 per carton	SPP11

11

SPA PRO SPA AND PIPE FLUSHA

Product no. 12

As we already know body oils etc are more prevalent in hot water, so this product is designed to flush out the pipes where scum accumulates and bacteria breeds. Ensure spa is turned on including spa blowers to ensure the product can circulate through all pipe work. Water needs to be dumped to waste after using this product.

AVAILABLE IN	CODE
1kg - 6 per carton	SPP12

12

SPA PRO SO SOFT

Product no. 13

Use Spa Pro So Soft for a softer gentler spa water. Also helps spa sanitisers work more efficiently. Gives your water that silky feeling.

AVAILABLE IN	CODE
1kg - 6 per carton	SPP13
10kg - each / pallet quantity 64	SPP13A

Product: 900g/kg Boric Acid

13
